Family Session Checklist

- **COMPLIMENTING OUTFITS**- Not everyone has to match, but try to sticking to a color palet that cordinates. (Sometimes it helps to put a few paint chips from the hardware store together so your family knows what to go off of)
- **SHOES**- Yes we can see your feet :)
- **BRIBES**- Always great for small children with short attention spans. Bring their favorite treat to reward them for being so good after the session!
- **PROPS**- Your family is unique and your portraits should reflect that! Feel free to bring your pet, family heirloom, or anything else that is special to you. Keep in mind that less is more. The prop should compliment the subject, not take the focus away.
- **HAIR STYLING TOOLS**- hats, hair spray, head bands, straightener
 - Stay away from the tanning bed and hair dresser before your session- we can't fix orange skin or an undesired new hair cut
- **MAKE UP**- come ready to go, but bring your makeup in case we need to touch up during your session
